- Site owners with less than 100% passing scores must complete an online ATI Web Roadmap form to document the plan to fix errors and identify equally effective alternative access.

- If you’ve made repairs and run a scan since the July 1st Baseline Scan, you will be able to indicate in the Roadmap that your site(s) passed since the baseline.

- You’ll also be able to indicate which False Errors if this is causing your site(s) to fail.
October 1 to November 1

- Each College or Division will receive their compiled Roadmap entries and an Exemption Form as part of the e-signature routing process.

- The Form must be signed by a Dean or Director and counter-signed by a Vice President for the area.

- All Exemption Forms will be filed once approved by the SDSU ATI Sponsor.
